

LogiLink®

ΣLight

Art. No.: SH0004

ΣLight is a dimmable LED light remotely controlled by an app with scheduling function. The Bluetooth bulbs from LogiLink complements the SmartHome to control your lighting. Anytime and at any place with internet connection, you can control your home lighting and check the current status.

Features:

- » Replacing a 60W incandescent bulb by a 10W LED will save you over 80% on electricity bill
- » 720 lumen, 25000 hrs lifetime
- » Remote control / group control / dimmable / scheduling
- » Eco-friendly: RoHS compliant, Lead free and mercury free. No UV or IR radiation
- » Exclusive ΣLink enable various conditions to activate your smart life, i.e. turn off light when leaving home
- » Compatible with Medion® Smart Home Systems

Remote control and scheduling the LED light away from home

Free APP for Android and iOS.
